## PERAdvantage Fees

Participants will pay Plan administrative and investment management fees, which are described below. Plan administrative fees pay for recordkeeping, custodial services, consulting, and internal PERA administrative expenses. Investment management fees are charged by the fund managers for the Plans' investment options to cover the costs of managing their respective funds.

### Plan Administrative Fees

All participants will pay an asset-based fee of up to 0.03%. That means for every \$1,000 of assets in the account, the participant will pay \$0.30. (Note: The 401(k) asset-based fee of 0.03% is waived through 2024.) Participants will also pay a flat monthly fee at the following rates:

- » PERAPlus 401(k) Plan: \$1.00/month
- » PERAPlus 457 Plan: \$1.50/month
- » PERA DC Plan: \$1.00/month

### Investment Management Fees

Participants will pay the investment management fees described in the chart below. All fees displayed are annualized, and represent an estimate of investment management fees paid by a participant.

*This schedule is current as of March 31, 2024, and may change at any time.*

### **Self-Directed Brokerage Through Schwab**

Participants are required to keep \$500 invested in the PERAdvantage Funds in order to trade within the Schwab brokerage window. Investing in the Self-Directed Brokerage window will cost \$50 annually. This \$50 fee and the Plan administrative fees for all of your plan assets, including those in the Self-Directed Brokerage Account, will be paid directly from your PERAdvantage Funds balance.

### **Loans**

If you take a loan from your PERAPlus 401(k) or PERAPlus 457 Plan account, you will pay a \$75 non refundable loan application fee for each loan. Loans cannot be taken from the PERA DC Plan.

### **Professional Management**

If you enroll in the professional management program, you will pay a fee of approximately \$3.75 for every \$10,000 in your account. Fees are proportionately lower for accounts with balances over \$100,000.

*(CF)–Commingled Fund–Funds consisting of assets from several accounts that are blended together.*

*(SA)–Separate Account–Privately managed investment accounts that use pooled money to buy individual assets.*

*(MF)–Mutual Fund–Investment account funded by shareholders that trades in diversified holdings and is professionally managed.*
