Definitions of Terms

Cobeneficiary: The person you designate under PERA benefit structure Options 2 and 3 to receive a continuing monthly benefit after your death. You may name only one cobeneficiary and your selection is irrevocable unless certain conditions apply. See the Changing Your Cobeneficiary or Benefit Option booklet for more information.

Named Beneficiary: The person(s) or entity you designate to receive a lump-sum payment of any remaining moneys credited after all monthly benefits have been paid to you and your cobeneficiary (if a cobeneficiary has been named).

Option 1: This option provides you with a lifetime monthly benefit. Following your death, a single payment of any remaining balance in your DB Plan account, plus a 100% match on the balance, will be made to your named beneficiary, or your estate if no named beneficiary exists. No further monthly benefits are payable.

Option 2: This option provides you with a lifetime monthly benefit. Following your death, your cobeneficiary will receive a lifetime monthly benefit equal to one-half of your benefit at the time of your death. If there is a DB Plan account balance remaining after the death of your cobeneficiary, a single payment of any remaining balance in your DB Plan account, plus a 100% match on the balance, will be made to your named beneficiary, or your cobeneficiary's estate if no named beneficiary exists. No further monthly benefits are payable.

Option 3: This option provides a lifetime monthly benefit. Following your death, your cobeneficiary will receive a lifetime monthly benefit equal to the monthly benefit you were receiving at the time of your death. If there is a DB Plan account balance remaining after the death of your cobeneficiary, a single payment of any remaining balance in your DB Plan account, plus a 100% match on the balance, will be made to your named beneficiary, or your cobeneficiary's estate if no named beneficiary exists. No further monthly benefits are payable.

Option 1 benefits are calculated as described above. Benefits under Options 2 and 3 are calculated the same as Option 1, then reduced to pay for continuing monthly benefits to your cobeneficiary. The factors used to calculate Option 2 or 3 benefits may change whenever actuarial assumptions are changed. If you select Option 2 or 3 and your cobeneficiary dies before you, your benefit will be changed to the Option 1 amount.
