The bold shaded areas indicate reduced retirement percentages. These percentages ensure that, as of your effective date of retirement, your reduced retirement benefit is the actuarial equivalent of your full service retirement benefit. These percentages are subject to change based on actuarial experience.

For 35+ years, add 2.5% to 87.5 for each year over 35 up to 100%. Final calculations are made to the exact amount of service you earn, not necessarily even years.

The retirement eligibility and HAS percentages of this table assume all of your PERA service credit was credited to your account during your employment as a Safety Officer. If you have PERA service credit from membership in a position other than a Safety Officer, including any time spent in the academy as a cadet, please contact PERA for additional information.
